

1. The Missing Piece

I've got a puzzle for you
I don't know what to do
I've used up all the pieces here
My dream just won't come true
There must be pieces missing
There's got to be a way
To fill these gaps, to make it good,
To make it all ok

(Chorus)

One little piece is missing
One little piece is lost
How do we fix this puzzle now?
Please find the missing piece
One little piece is missing
One little piece is lost
How do we fix this puzzle now?
Please find the missing piece

We need to fix this mess
We need to understand
You think that you have lost it all
But our dream can still come true
Help us to fix this puzzle
Help us to find out how
Help us to find the missing piece
And make our dream come true

(Chorus)

One little piece is missing
One little piece is lost
How do we fix this puzzle now?
Please find the missing piece
One little piece is missing
One little piece is lost
How do we fix this puzzle now?
Please find the missing piece

I've got a puzzle for you
I don't know what to do
I've got a puzzle for you
I don't know what to do
I've got a puzzle for you,
I don't know what to do
I've got a puzzle for you,
I don't know what to do

2. It's Ok!

Don't (clap) take anything from anybody,
Don't (clap) be rude or stare,
Don't (clap) take anyone for granted,
It isn't nice and it sure isn't fair!
Don't (clap) make others feel they're silly,
Don't (clap) act as if you don't care,
Don't (clap) be a nuisance or a bully,
It isn't nice and it sure isn't fair!

(Chorus)

It's ok, it's ok, if you're sorry, it's ok!
Tell me if you're sorry, show me if you're sorry
But you have got to feel you're sorry
For it to be ok!

Don't (clap) give teachers any backchat
Don't (clap) be cheeky for a dare
Don't (clap) be the one who cheats on others
It isn't nice and it sure isn't fair
Don't (clap) drop your clothes on the floor
Don't (clap) leave jobs undone
Don't (clap) give everyone a headache
It isn't nice and it sure isn't fair!

(Chorus)

It's ok, it's ok, if you're sorry, it's ok!
Tell me if you're sorry, show me if you're sorry
But you have got to feel you're sorry
For it to be...

(Chorus)

It's ok, it's ok, if you're sorry,
it's ok!
Tell me if you're sorry, show
me if you're sorry
But you have got to feel
you're sorry
For it to be...
It's ok, it's ok, if you're sorry,
it's ok!
Tell me if you're sorry, show
me if you're sorry
But you have got to feel
you're sorry For it to be
okay

Descant (Optional)

*Tell me if you are sorry
But you've got to feel you're
sorry
For it to be ok!
Tell me if you are sorry
But you've got to feel you're
sorry
For it to be ok!*

Ok! Ok!
(SHOUT) OK!

3. Turn Around

Sometimes we're not who we want to be
Sometimes we're silly and rude
Sometimes we lie and take things from others
What happens then?
Sometimes we're horrid to others
Sometimes we want to annoy
Sometimes we're lazy and can't be bothered
What happens then?

(Chorus)

Turn around, turn around,
Turn away from doing wrong,
Don't get tempted to go the wrong way,
Turn around, turn around

Sometimes we talk when we shouldn't
Sometimes we cheat on our friends
Sometimes we sulk and just look for trouble
What happens then?
Sometimes we don't say sorry
Sometimes we don't forgive
Sometimes we're stubborn and angry
What happens then?

(Chorus)

Turn around, turn around,
Turn away from doing wrong,
Don't get tempted to go the wrong way,
Turn around, turn around

(Chorus with optional descant)

Turn around, turn around,
Turn away from doing wrong,
Don't get tempted to go the wrong way,
Turn around, turn around

Turn around, turn around

4. Look out!

When we look at the world from space
No borders, fences or bars
We're all in this together
We're all in the same place
When we look at other people
They're not any different to us
We're all in this together
We're all in the same place

(Chorus)

Look here, look out!
Can't you see what's happening?
Look here, look out!
The world's just one big house

Let's try and get on together
Let's try and show some love
Let's try and look out for others
We're all in the same place
Let's help our friends when we are needed
Let's take the side of good
Let's all get on together
We're all in the same place

(Chorus)

Look here, look out!
Can't you see what's happening?
Look here, look out!
The world's just one big house

Let's help our friends when we are needed
Let's take the side of good
Let's all get on together
We're all in the same place

(Chorus)

Look here, look out!
Can't you see what's happening?
Look here, look out!
The world's just one big house
Look here, look out!
Can't you see what's happening?
Look here, look out!
The world's just one big house
The world's just one big house
The world's just one big house

5. Peace (No More Anger)

It's time to start and it starts with me
The future depends on us
The world is waiting for peace to reign
We've got to make it happen!
Gather together, spread the love
Forgive, forget and say sorry
If we want the world to live in peace
Come on, start the story!

(Chorus)

Peace, peace, no more anger
Too many lives have been shattered
Too many lives have been lost

Let's make friendships and look for the good
Treat others like ourselves
Let's be kind to those we meet
Let's always show compassion
Get yourselves ready
Be brave and stand up
Be bold and spread the good news
That we can solve this puzzle of ours
We can start the story

(Chorus)

Peace, peace, no more anger
Too many lives have been shattered
Too many lives have been lost
Peace, peace, no more anger
Too many lives have been shattered
Too many lives have been lost

Peace, peace, no more anger

6. The Missing Piece (Reprise)

We've got an answer for you
And we know what to do
We've got to spread some love round here
And make the dream come true
There can't be pieces missing
There always is a way
To fill these gaps, to make it good,
To make it all ok

(Chorus)

One little piece was missing
One little piece was lost
That's how we fix this puzzle now
We are the missing piece!
One little piece was missing
One little piece was lost
That's how we fix this puzzle now
We are the missing piece!

We all can fix this mess
We need to understand
We thought we would have lost it all
But our dream can still come true
Help us to fix this puzzle
Help us to do it now
We are the missing piece in this
To make our dream come true

(Chorus)

One little piece was missing
One little piece was lost
That's how we fix this puzzle now
We are the missing piece!
One little piece was missing
One little piece was lost
That's how we fix this puzzle now
We are the missing piece!

We have an answer for you
And we know what to do
We have an answer for you
And we know what to do
We have an answer for you
And we know what to do
We have an answer for you
And we know what to do
